Hi Varda,

Now that the repairs are complete, we would like to send you our rent check. But before we do, we would like to discuss a reduction in our rent for this month. As we have documented and informed you of, our apartment was unsafe and not fully inhabitable for three weeks (more if we count the previous incident), which we believe any reasonable person would agree is deserving of some rent reduction.

I hope to hear from you soon to discuss this matter and can be reached at [847-894-1088](tel:847-894-1088).

Regards,
Annie Mykyta
